Carle Mobile Health Clinic

OUR COMMUNITY. OUR COMMITMENT.

World-Class Care on Wheels

The Carle Mobile Health Clinic brings non-urgent services, at lower costs, to those who might have difficulty getting to care.

Now coming to neighborhoods around Champaign-Urbana, our 40-foot, wheelchair-friendly mobile medical clinic offers infants, children and adults basic care to make sure families stay healthy.

- Screening to understand what impacts a person's health.
- Suggestions for primary care doctors and other local services.
- Chronic condition screening and education (such as for diabetes).
- Treatment of existing, severe illnesses.
- Basic wellness care and checkups.
- School/preschool physicals and vaccinations.
- Basic lab testing.

COST SHOULD NOT BE A FACTOR

Carle believes cost shouldn't stop anyone from getting healthcare. While insurance and financial assistance from community resources are accepted, the Carle Mobile Health Clinic will give care to all who need it even if they can't pay.

WALK-INS ARE WELCOME

Visitors to the Carle Mobile Health Clinic don't need to make an appointment. People will be seen on a first-come, first-served basis; the care providers will also check and treat the most critical patients first.

A VARIETY OF CARE PROVIDERS ON THE TEAM

A specially trained team of doctors, nurse practitioners, physician assistants, nurses and social workers staff the Carle Mobile Health Clinic. Practitioners have experience in pediatrics, family medicine, and women's health and pregnancy.

The Carle Mobile Health Clinic supports the goals of the Healthy Beginnings initiative by making healthcare more accessible for everyone. For more information: carle.org/MobileHealthClinic or (217) 365-7928.

Our Community. Our Commitment.

At Carle, we have a vision to make life-changing, world-class healthcare accessible to everyone, everywhere. Especially to our neighbors. In 2017, our Center for Philanthropy urged all Carle and Health Alliance™ employees to give what we could to make the Mobile Health Clinic a reality. Together we raised a major portion of the needed funds.

The Carle Mobile Health Clinic is a symbol of the connection we have with our community. If we can help, we will help. Now and in the future. Because we do better when we care for each other.
